Putri Bali

NUSA DUA

Fit For a Princess

So what's in a name?

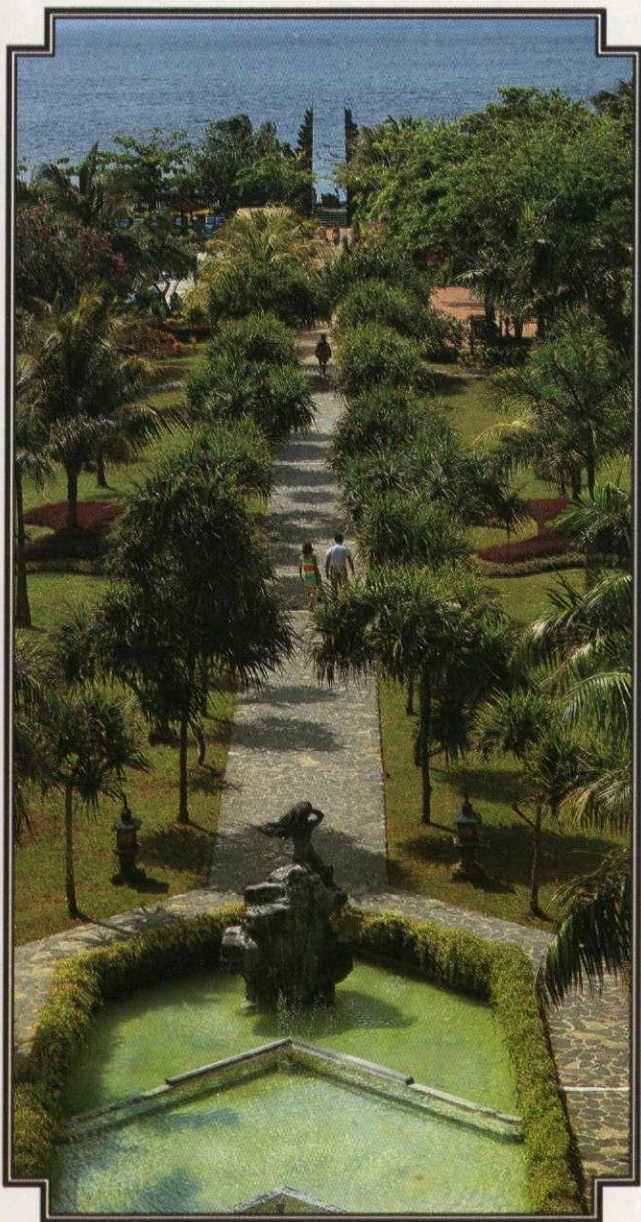

Here at the Hotel Putri Bali our name is special and means a lot to the management, our staff and local patrons. The word putri is an honorific term which literally means "daughter", but also alludes to "a cherished daughter", "a precious daughter" and-in the extreme-to a "princess". With that in mind, join us on a colourful tour of a beautiful Balinese domain which we feel is appropriately named-and fit- "for a princess".

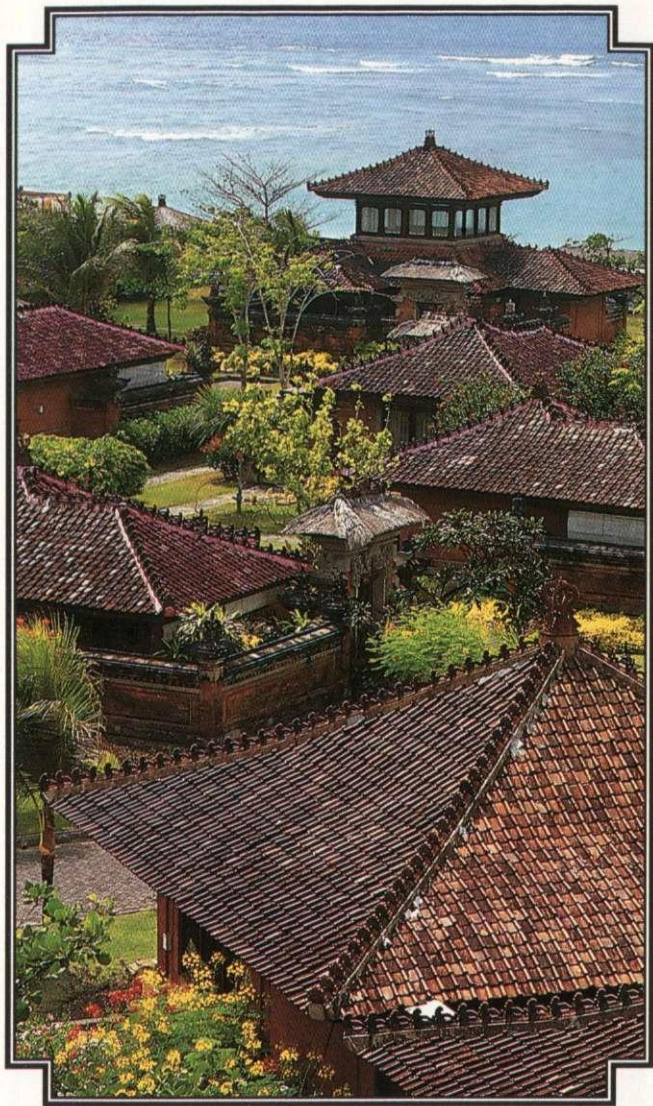

Paradise by the Sea

Ideally located in Bali's sunny Nusa Dua Resort, the Hotel Putri Bali's grounds are bordered by the best beach on this reef-protected coast. Lush, tropical gardens and every imaginable facility make for a fun-filled, value-packed holiday on the Island on the Gods.

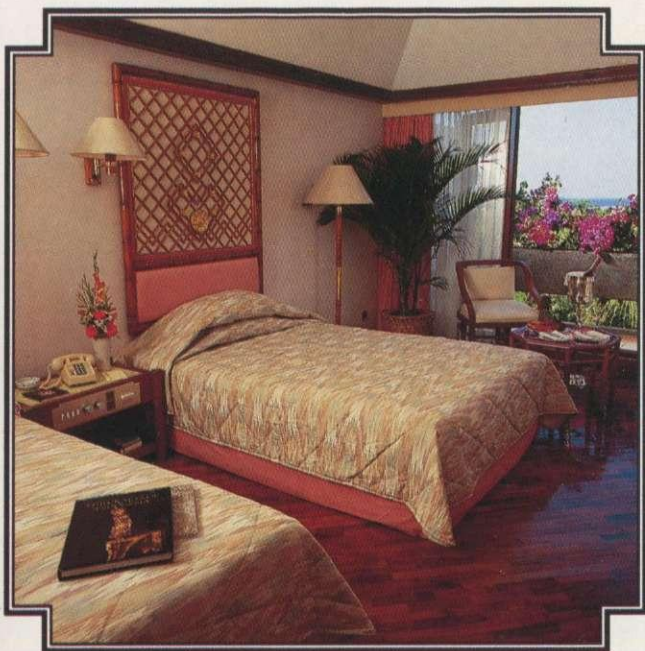

Rooms & Cottages

A total of 384 large and beautifully decorated guestrooms included cottages, junior suites, deluxe suites and penthouse suites - all with colour TV (two inhouse video channels), International Direct Dial and Room-to-Room telephone systems and mini-bars. Every room has both garden and ocean views. The bright and spacious bathrooms are well equipped and have drinkable water on tap.

Standard Twin Bedded Room

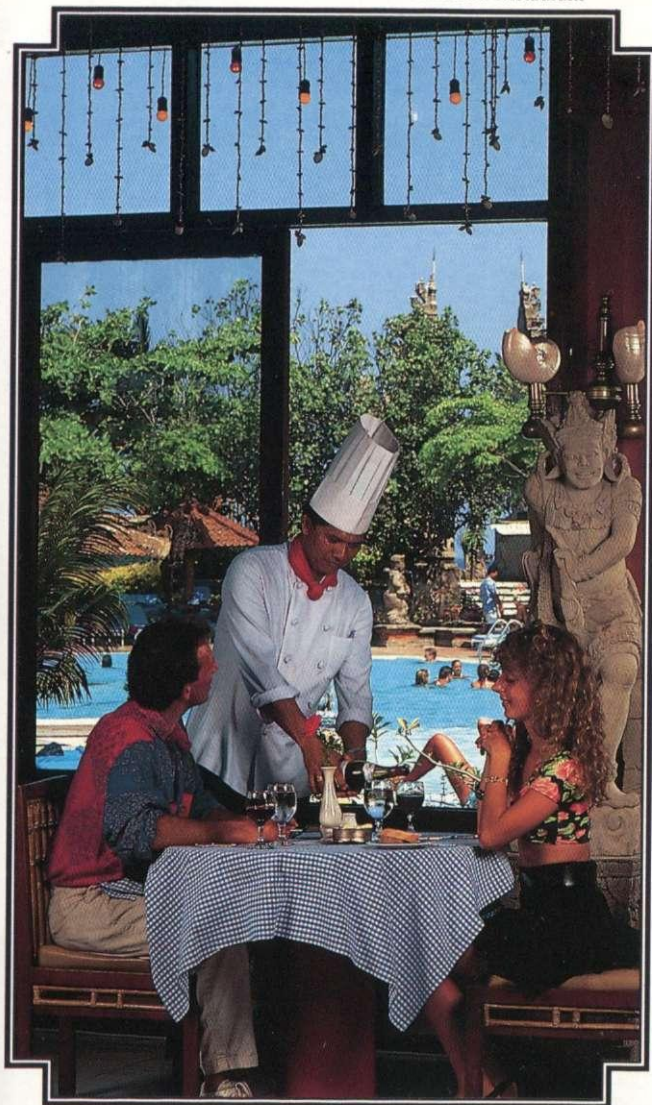

Casual Ambience

The Taman Tirta informal restaurant is open 24 hours a day for your drinking and dining convenience. Meals are served both a la carte and buffet style, and this garden view restaurant is often the center of the hotel's dining and social action.

As for water sports, since the hotel is beautifully sited on the beach, you can go sailing in a Balinese or outrigger canoe, or indulge in windsurfing, snorkeling or diving.
